## Quotes .....

**Paul** "I have been out trapping dogs for two years with an old trapper out west and I reckon I have learnt more today than I did in those two years. Imagine the dogs we could have caught if he knew what Andrew knows."

**Mike** "Excellent day. I have learnt a lot; boosted my confidence to have a go."

**Gordon** "Very informative. Andrew's knowledge is extremely extensive and I have learnt heaps on this workshop."

**Scott** "The Workshop is well worth doing! All the basic essentials are covered as well as the more 'intricate' information on how to handle troublesome dogs. Feel much more confident now."
